

OBSERVATIONS OF OUR CHANGING EARTH FROM SPACE

An evening experience featuring cutting-edge **satellite science** and a stunning performance from Bella Gaia violinist, **Kenji Williams**.

National Academy of Sciences auditorium

June 23, 2009, 5:15–6:30 p.m.

Kathy Sullivan [Ohio State University] will moderate a lively discussion between a distinguished panel of scientists. The discussion will focus on five key questions of Earth system science.

The panel will include:

- **Jim Yoder** [Woods Hole Oceanographic Institution]
- **Waleed Abdalati** [Colorado State University]
- **Chris Justice** [University of Maryland]
- **J. Marshall Shepherd** [University of Georgia]

Kenji Williams will perform immediately following the panel discussion.

FREE AND OPEN TO THE PUBLIC

Seating is on a first-come, first-served basis.
